Racisme and Apartheid in Israel

Dear Mr. Blatter

Israel has a long record of discriminating against Palestinians in the occupied territories, Palestinians living in exile and its own Palestinian citizens. This deliberate, un-even-handed treatment violates Article 3 of FIFA statutes, which expressly forbids „... discrimination of any kind against a country ... or groups of people on account of ethnic origin.“ For this reason, we demand that Israel be excluded from the FIFA until Israeli authorities show concrete respect for the fundamental rights of the Palestinian people.

Yours sincerely.
